## Transfer Credit Evaluation

International Baccalaureate candidates take six examinations for the IB Diploma. Three at the “Higher Level” and 3 at the “Subsidiary Level.” The University will only grant credit for exams at the “Higher Level.”

### Credit will be granted according to the following stipulations:

- A. A maximum of 32 semester credits will be granted for IB exams or any combination of IB, CLEP and AP exams
- B. Except for foreign languages, the credit granted will be restricted to first year level courses. Foreign languages are an exception because the credit granted is equivalent to our intermediate level foreign language courses.
- C. The IB exam score range is from 1 to 7 with 7 being the highest score. A score of 4 or 5 will yield credit for one course. A score of 6 or 7 will yield credit for two courses with the exception of Chemistry.
